CB845 CBSmallPorts Recovery procedure

Decision ground

Central Baltic Programme Subsidy Contract § 8

Decision

The ownership of the Keihässalmi small port has been changed less than 10 years after the projects end (30.11.2022). The port was owned by the Pyhtää Municipality and has been sold to a private owner who plans development of residential area on the site.

Under the new circumstances the Keihässalmi small port, that was supported by the CB Programme and ERDF funds, does not operate as a guest harbor as it was planned according to the project application.

In the current case:

- planned and supported productive activity has ceased;
- a change in ownership of an item of infrastructure has changed and as a result there is a substantial change affecting the nature and objectives and implementation conditions that result in undermining originally planned project (development of guest harbour and improvement of services provided to maritime tourists as well as for local inhabitants);
- sustainability of the project results has not been ensured.

The matter has been validated through email correspondence with Pyhtää municipality as well as an on-the-spot check by the Joint Secretariat/Managing Authority on 27.5.2025. The violations of the Subsidy Contract with Central Baltic Programme lead to the recovery of the paid ERDF contribution.

The recovered amounts relate to

Application Form: Project partner 4, XAMK, Kaakkois-Suomen ammattikorkeakoulu: investment in Keihässalmi small port, budgeted total 29 000 € and later Project report, period 5: Project Partner 4, XAMK which has reported Keihässalmi investments in the total value of 34.184,32 € of which 75% or 25.638,24 € is ERDF funding.

Based on the above presented information the Managing Authority recovers from the Lead Partner, SAMK, Satakunnan ammattikorkeakoulu, 25.638,24 € of paid ERDF amounts.

The recovered amounts shall be paid to the Managing Authority by 30.9.2025.
